Weighs only 7.5 lbs. and meets **ASTM F887** standards

**Now CSA Approved! 

Adjustable Short Back Belt™ 20192CM-SIZE

The revolutionary **Patent Pending** Adjustable 4 D-Ring Short Back Belt™ offers an adjustable man rated upper belt strap and an adjustable lower work positioning D-piece that allows the user to customize the size of the body belt at any given moment. This belt features only four sizes – small, medium, large, and X-large (see below for sizing chart) and users will now have a belt that can adjust four to five D sizes. The Adjustable

Short Back Belt™ takes all of the features of our popular Short Back Mobility Belt™ and builds them into this new game-changing belt.

This belt is perfect for those who work in areas of the country where there are large temperature swings – when one part of the day or season you could be wearing only FR pants and shirt, then next you could be wearing heavy duty Carharts.

Having an adjustable belt allows the user to adjust for comfort and practicality. This belt is also great for those entering the trade who may either lose weight during line school or gain weight throughout their career.

For CSA approved models, please put a "C" in front of the PN (C20192CM-SIZE**).

Belt Size	20192CM-S	20192CM-M	20192CM-L	20192CM-X
