

THE BUCKLAG™

1/2" Storage Hole

For securing
on body belt or
other gear

BuckLag™ 6401

The BuckLag™ was designed with ease and efficiency for linemen in mind. The BuckLag™ allows you to securely store lags while climbing and like Buckingham's staple sticks, the BuckLag™ will allow you to be more efficient when placing lags

on a pole by allowing you to place and start lags without the need to keep handling the hardware. Easily used with both hammers as well as battery operated tools.

Features:

- Holds 20- 1/4" lags
- Lags are easily inserted into stick
- Replaceable lag sleeves for keeping lags secure on stick
- Order: **6401S** for replacement sleeves
- 1/2" storage hole for securing to body belt
- Designed to be stored on Buckingham's Gated Handline Carrier (**2402G**) and Heavy Duty Gated Handline Carrier (**2402GH**)
