

## PN 2402B BUCKCARRIER CHAINSAW / ACCESSORY CARRIER PRODUCT REFERENCE

The Buckingham PN 2402B BuckCarrier is designed to store a chainsaw or other accessories with a maximum weight of 15 lbs. (per OSHA 1910.269) on an Arborist saddle or belt. The low-profile design protrudes approx. 1 ¼" from the body pad of the Arborist saddle or belt.

OSHA 1910.269(r)(5)(i) Each power saw weighing more than 6.8 kilograms (15 pounds, service weight) that is used in trees shall be supported by a separate line, except when work is performed from an aerial lift and except during topping or removing operations where no supporting limb will be available.

**Markings**

**Rating:** Working Load Limit (WLL) 15 lbs.

**Material:** Aluminum

**Dimensions:** 4 1/2" High x 3/4" Wide x 1 3/4" Deep

**Weight:** 2.4 oz.

For added security, the included zip tie can be used to secure the PN 2402B BuckCarrier onto an Arborist saddle or belt to help prevent the carrier from accidental sliding off.
