## CARITool

The CARITool tool holder allows the user to select and return tools with just one hand. It slips in through the harness straps and stays in place, thanks to its stabilizing clip. The gate has a protective feature that limits accidental snagging. It is available in two sizes.

---

**Short Description**    Harness tool holder

---

- Selling Points**
- Design allows one-handed selection and return of tools
  - Slips in through the harness straps and stays in place, thanks to its stabilizing clip
