

BUCKLUBE™

FOR CLEANING, LUBRICATING AND
MAINTAINING HARDWARE & RUBBER GOODS

BUCKLUBE™

New BUCKLUBE™ specially formulated for cleaning, lubricating and maintaining hardware & rubber goods. Buckingham products should be lubricated weekly or as often as required to maintain smooth operation. Liberally spray surface to be cleaned and wipe with a clean, dry cloth. For industrial use only.

Features:

- Non-flammable silicone spray and cleaner all in one.
- Effectively removes rubber bloom oxidation, carbon, light greases, dirt, and light contaminants from plastics, metals, and rubber goods.
- Heavy-duty silicone provides superior penetration and lubrication for metals, plastics, and rubber while protecting against oxidation and corrosion caused by moisture and UV rays.
- High dielectric strength is an excellent choice where flammability and medium to high voltage is a concern.
- High dielectric strength of 22,000 volts.
- Leaves a thin coat of silicone lubricant (will NOT harm EPDM rubber).
- If inhaled or ingested, please call 1-800-255-3924 immediately.
- Safe to use around nylons and polyesters.

Applications & Uses:

- Rubber elbows, bushings, T bodies, interfaces
- Rubber splices
- Cable terminations
- Cable jackets
- Line hose
- Switch linkage
- Breaker operating mechanisms
- Hand tools
- Locking snap hooks, carabiners, quick connect buckles, length adjusting devices and cam buckles
