

ARBORAIR™

TREE CLIMBER KIT

ArborAir™ Tree Climber Kit ARBORAIRALKIT

The ArborAir™ Tree Climber Kit is our lightest and most comfortable climber kit to date! Weighing just 5 lbs. per pair, making it nearly 1 lb. lighter than any existing Buckingham Climber Kits. Ergonomically designed to relieve pressure points and direct pressure to non-sensitive areas of the leg while climbing. This was accomplished using both a dual layer of compression padding and a lightweight copolymer cuff that achieve the ultimate fit for comfort.

Features & Benefits:

- More than 4 lbs. lighter than the closest competition!
- The ArborAir™ cuff is a one-piece design removing the need for additional components traditionally seen on our other kits.
- New weighted web-end designed to create grip, rigidity, and add weight to the end of cinch strap making it easier and faster to cinch and uncinch pad.
- 4" wide upper strap with a cinch loop ensures a secure and snug fit.
- Patented GRIP™ (Gaff Ridge Position) technology keeps gaff pointed toward the heart of the tree, promoting ease of climbing and a more natural upright position.
- Gaff length: 1 ¾"
- 350 lb. user weight capacity. Meets ASTM F887 standard.

HOW DOES IT COMPARE TO OTHER CLIMBER KITS?

ARBORAIR™
5 LBS.

BUCKALLOY™ BLACK CLIMBER KIT
6.6 LBS.

CLOSEST COMPETITOR
9 LBS.
