

Buckingham's wide selection of skinning knives are well known for their strong, durable and long-lasting blades. The blade stays sharp, and when sharpening is needed the honing stone can put a sharp edge on the edge of the blade with ease. Buckingham's skinning knives can come with an ergonomic handle, a yellow molded plastic handle, or a wooden handle.

Buckingham's skinning knives come in a wide range of options, including a standard tip, blunt tip, notched blade, notched blade with a blunt tip, and/or an accessory ring on the handle. Below are some examples of each option:

Standard Tip

Blunt Tip

Notched Blade

Notched, Blunt Tip
