BuckFLIGHT™ HEC Harness 64993

Developed collaboratively by experts who live and breathe safety, flight operations, and on-structure work, the BuckFLIGHT™ HEC Harness sets a new standard for Human External Cargo performance.

Features:

- Weighing in at just over 7 lbs., it's one of the lightest fly harnesses on the market.
- Hi-Vis webbing color enhances visibility for pilots during HEC operations.
- Integrated RFID tag for inspection tracking.
- New HEC tagging system – includes a removable 5-year HEC service-life label.
- Non step-in design.

Also available with permanently attached suspension trauma straps, model: 64992
