

# EZ SQUEEZE™ W/LEVERGRAB™

ONE - H A N D E D   A D J U S T M E N T

## Patented WebGrab™ w/BuckHorn™

Allows for easy adjustment of your outer strap. A simple tap of the BuckHorn™ with the palm of your hand allows user to adjust out.

All new Buck LeverGrab™ (LAD) designed to allow users to lengthen w/out removing weight from inner rope.

New wear-resistant Tough Rope is constructed with an energy absorbing nylon core, red braided polyester inner core cover (red wear indicator) and an abrasion and heat resistant Technora outer jacket that eliminates the need for a wear guard.

EZ Squeeze™ loop handle has been reinforced to provide more rigidity, making ascending and descending easier, and also keeping hands in line with each other.

## EZ Squeeze™ W/LeverGrab™ 490K3

Our most advanced and most premium EZ Squeeze™ yet takes the brutal strength of our new ToughRope™ and adds the new LeverGrab™, which was specifically designed to let the user adjust without removing weight from their inner rope. Our new ToughRope™ is wear resistant and constructed with an energy absorbing nylon core, red braided polyester inner core cover (red wear indicator) and an abrasion and heat resistant Technora outer jacket and has been extremely popular for those that get frustrated with a traditional wear guard and might be climbing on abrasive surfaces.

### Features & Benefits:

- Easy one-handed outer strap adjustment through use of Buckingham's patented WebGrab™ with the New BuckHorn™ Adjustment Lever. With just a flick of the wrist, users can adjust the strap in and just tap the BuckHorn™ to adjust out.
- Newly positioned handle to promote a more natural and ergonomic climbing motion that is also reinforced for more rigidity.
- Easily switched out for users that prefer the WebGrab™ on their left or right side.
- 3,600 lb. gate-rated hardware.
